Fictional scenario

Delivery says that sales promises dates before checking capacity. Sales says delivery does not reply quickly enough. Each team believes the other ignores customers.

Speaker's concern

Unconfirmed capacity

Open question

What information do you need before confirming?

Paraphrase

You need capacity evidence before a promise

Correction

Also need scope detail

Shared understanding

Both teams need a complete request

Reflection and next action

One improvement: name the owner, the evidence and the next review date.

This is one possible response. Other reasoned choices can be appropriate.
