

Activity 04: Feedback and Handover Agreement

Leadership Masterclass · C904 · v4.0 · Fictional practice material

Goal

In this activity, you will give specific feedback and coordinate work using a fictional Meridian Services situation. You will discuss different perspectives, practise a leadership response and produce a reusable work artifact. The exercise connects the topic concepts to an everyday team decision, and the debrief focuses on how your response affects other people.

What you will build

A completed feedback and handover agreement worksheet, a peer observation checklist and a practical next action.

Fictional scenario

A handover lacked a named owner on Tuesday. Two colleagues repeated the same work and a customer waited an extra day. The colleague says the template had no owner field.

Preparation

Read the scenario. Open [worksheet.docx](#) or print [worksheet.pdf](#). Work in pairs or triads. Use [sample-completed-worksheet.pdf](#) after making your own first attempt.

Step 1

Separate the event from assumptions about the colleague's attitude.

Step 2

Draft feedback using situation, behaviour and impact in factual language.

Step 3

Rehearse privately with a partner and ask for their perspective.

Step 4

Agree a process improvement and define who owns the next handover.

Step 5

Write a clear cross-team update with outcome, decision owner, dependency and review date.

Test it

Check each item in checklist.md, then ask a peer to identify one clear strength and one concrete improvement. Confirm that your proposed action has an owner and a review point.

Debrief

What evidence changed your view? Which trade-off remains? Which behaviour will you practise next?
